### Northfield's 25th Annual Newport Seminar

**Wednesday, October 13, 2021**

International Tennis Hall of Fame  
194 Bellevue Avenue, Newport, RI

We are pleased to invite you and your colleagues to our annual Newport seminar. The purpose of the seminar is to present recent research and technical advances to our clients and friends while enjoying the many pleasures afforded by our unique venue.

Given the global stresses induced by the COVID-19 pandemic, we have endeavored to formulate a robust agenda worthy of an in-person event. Our choice of topics is intended to reflect both analytical advances in investing, and the current interest in making the investment industry a positive contributor to the world at large. As a traditional center of American wealth, Newport serves as the perfect backdrop to consider the broad context of the impact of finance on society.

Our meeting venue, The Newport Casino was designed as a social and sporting club and was the center of cultural life for the Astors, Vanderbilts and Newport Society in the "Gilded Age." Designed by Stanford White and considered a masterpiece of Victorian shingle-style architecture.

As always, our meeting date has been selected to coincide with the US Professional Championships of Court Tennis. An ultimate illustration of "sustainability," Court tennis is the medieval progenitor of all modern racquet sports. It has been played in the current form for about *seven hundred years*, including many royal devotees such as Louis XIV and Henry VIII making it perhaps the world's most exclusive sport. Quantitative finance professionals will appreciate that due to the complexity of matches, a paid expert is required just to keep score.

After tennis on Wednesday afternoon, we will move to the Forty 10 North Hotel and Marina in the Newport yachting district for a final presentation and a waterfront dinner party. We look forward to seeing you!
